Since that time he has been deeply involved in the Apostolic Movement restoration and the reformation of the Lord's Church, planting churches, overseeing and training leaders in the United States, Canada, India, and throughout the continent of Africa. During the past forty years he worked extensively in India and throughout the continent of Africa conducting Evangelistic Crusades and ministering in Conferences and Leadership Training Seminars.

Apostle Kouri is widely respected by church leaders across denominational lines as an apostolic father in the body of Christ.
